Subject: Ethics Disclosure: Fee Waived for Event

Mr. Berlin:

I am writing to let you know that I attended an event this morning without paying the typical registration fee. As promised, I am writing this note, within ten days of the event, to let you know I attended. Essential details are as follows:

- The fee (\$150) was waived for me.
- Commissioner Bechara Choucair approved my attendance in advance.
- The event was educational. A copy of the agenda is attached.

FYI-- I am the only person from the Dep't of Public Health that attended.

Other employees from the Dep't, including Deputy Commissioner Erica Salem and Sheri Cohen were also invited to attend for free. However, they had to respectfully decline because this event conflicted with another city event that was held at the same time.
